About Me: I am a web developer with a strong interest in projects requiring conceptual and analytical thinking. I enjoy designing websites with end users in mind.

Work Experience :

Assistant Professor

[NIE Institute Of Technology](#) Feb 2019 - Jan 2020

Course instructor for Object-Oriented Concepts, Discrete Mathematical Structures, Software-Architecture & Design Patterns.

Lecturer

[NIE First Grade College](#) Aug 2018 - March 2019

Course instructor for Problem Solving with C-Programming language, Discrete Mathematical Structures, Data Structures, Operating Systems.

Software Intern

[VSR Future Tech Solutions](#) Aug 2017 - July 2018

Experimentation on data collection in wireless sensor networks with cluster-based energy efficiency.

Education :

Training in Web Development

[BeCode](#) Oct 2020 - April 2021

Projects using HTML, CSS, Javascript, PHP.

Master in Technology - Computer Networks Engineering

[NIE](#) Oct 2015 - July 2017

Major Subjects - Advanced Computer Networks, Cloud Computing, AdHoc Wireless Networks, Cryptography.

Bachelor in Engineering - Information Science

[Engineering NIE Institute of Engineering](#) Sept 2011 - July 2015

Major Subjects - Data Structures, Analysis & Design Of Algorithms, Operating Systems, File Structures, Web Designing

Skills :

GIT

HTML

CSS

BOOTSTRAP

JAVASCRIPT

REACT

TYPESCRIPT

PHP

LARAVEL

MySQL

FIGMA

LINUX
